CASE# 2018-00019025

CASE REPORT**NARRATIVE**

18-00019025

Mental

C. Pierce

While on patrol assigned as 1K8 on 05-24-2018 at 1507 hours I was sent via NORCOM to Fairfax Hospital on a possible escape from the hospital. It was related that [REDACTED] was wearing gray sweat pants and no shirt running towards 100th Ave NE.

While enroute I learned that the possible male was at the hospital voluntarily.

Upon my arrival I contacted the intake manager [REDACTED] who related that the patient had been involved in an incident this morning sometime around 0400 hours in Tacoma. His grandmother then brought him to Fairfax Hospital at 0900 hours this morning. It was related that [REDACTED] (20) had been taking mushrooms and anti-psychotic medication today. He is also diagnosed as being Bi-Polar.

[REDACTED] said they were trying to complete the intake information for [REDACTED] but he became more upset and agitated the longer he was at the hospital. [REDACTED] said that [REDACTED] then decided he wanted to leave the hospital. [REDACTED] said that the hospital staff locked the front doors but [REDACTED] then broke through both sets of the hospitals front double doors taking the doors off of their tracks. [REDACTED] said they could not complete the intake process due to [REDACTED]'s condition.

[REDACTED] said that [REDACTED]'s grandmother and his friends then chased after [REDACTED] as he was attempting to run into traffic telling them he wanted to die.

When I first contact [REDACTED] he was laying on a sofa in the lobby of the hospital. [REDACTED] appeared like he was asleep. I asked [REDACTED] if he wanted to kill himself and he said no he just wanted to die. [REDACTED] then recognized me as a police officer and jumped up off of the sofa saying he was going to kick my ass. [REDACTED] continued his tirade for a few minutes. When I tried to question [REDACTED] he became more agitated and would not answer my questions.

I then requested that NORCOM contact AMR to transport [REDACTED] to Evergreen Medical Center on a involuntary commitment.

At 1550 hours AMR arrived at Fairfax Hospital. I then followed AMR to Evergreen Medical Center. Once at the emergency room I apprised the staff of [REDACTED] condition.
